

## Frontend Dev (SASS Mandatory)

We're looking for a Web / UI Developer with a focus on SASS programming, having 3 to 4 years of industry experience. Our developer must have good exposure to software development in an agile environment.

The selected candidate will work alongside other product engineers and developers, collaborating on various Application / Product life cycle layers.

**Work Location:** Chennai, South India

### Roles and Responsibilities

- Understand the design, architecture, and agile processes
- **Develop page styles using SASS to be reused across product**
- **Write customized code in SASS, including macro programming and connecting to external data stores**
- Development of products by working closely with the business team
- Maintain quality and ensure responsiveness of applications
- Adopt and practice strong engineering best practices
- Collaborate with the rest of the engineering team to design and launch new features
- Maintain code integrity and organization

### Job requirement:

- *HTML5, CSS 3, SASS, Bootstrap, Flex UI, Responsive media queries, Angular 8+, Angular Material, Material UI – 2+ years of work experience with good knowledge in web design and layouts*
- *Ability to write their own SASS functions and integrate these independent components onto various web development frameworks*
- Good knowledge of Event Driven Architecture, Asynchronous communication, security architecture, microservices, and REST API / Webservices.
- Knowledge of code versioning tools e.g., *GIT, SVN*.
- Knowledge of Agile software development methodology

Good to have:

- Work experience in building products for the cloud with knowledge of AWS services
- Knowledge of implementing testing platforms and unit tests
- Knowledge in Dev-ops – AWS / Heroku/ Azure

## **Educational requirement**

- Bachelor's degree in computer science, Information Technology, or a related area is required.
- With at least 3+ years of relevant experience

All applicants are invited to submit their resume with confidence to [\*\*future@siddhanintelligence.com\*\*](mailto:future@siddhanintelligence.com)
